Personal Profile

Hey There! I'm Arman, Junior Programmer offering excellent analytical skills and the important ability to function well both independently and in fast-paced team environments.

Work experience

2024 – present

- EJMIATSIN STATE COLLEGE — Web programming tutor

2022 – present

- Codium — Front-end tutor

2022 – 2023

- Codium — Front-end Developer

I worked with the team on the website

"prozamki.com", which is written in React.js.

I used Axios to communicate with the backend, SCSS for the styles, Swipe.jsr for the slider, and Redux-toolkit to manage project state.

Educational History

2016 - 2021 — Yerevan State University

- Faculty of Informatics and Applied Mathematics

Language

- Armenian
